

Avis De Poste Vacant

Job Description: 4 Axis Machinist (Weekend Shift)

Competition Number: M2017-05-005

Arnprior Aerospace Inc. combines facilities from Canada, the United States and Mexico to develop and manufacture aerospace structure and components for North America's largest aerospace companies. This opportunity is located at our Arnprior Aérospatiale Montréal Inc. facilities located in Saint-Hubert, Quebec.

Role:

Under the direction of the Team Lead, the incumbent is responsible for machining and manufacturing parts according to the company's specifications.

Responsibilities:

Assembly

- Interpret and modify programs
- Perform program transfer and backup
- Prepare necessary tools for production
- Machine the assembly
- Install the device to adjust/fix parts

Operations

- Interpret and apply technical documentation for manufacturing parts
- Detect and solve mechanical problems related to the manufacturing of parts
- Identify and corrects technical defects
- Perform preventive maintenance routines
- Prevent wear and deterioration of tools

Quality

- Comply with company standards and rules; specifically AS9100 standards
- Use measuring instruments and self-inspect parts & assemblies
- Complete and file quality-related documents
- Apply mathematical formulas when applicable in use of machine

Health and Safety

- Operate in a safe manner in line with the Company's health and safety standards

Mandatory Requirements:

- Diploma of professional studies (DEP) in machining techniques with 2 years of experience
- Vocational school attestation in numerical controls
- Thorough knowledge of plan reading and geometric tolerancing

Applicants will be required to meet the requirements of Government of Canada Controlled Goods Program (CGP) and the US International Traffic in Arms Regulations (ITAR). Interested applicants are requested to send their resume to the Human Resources Department of Arnprior Aerospace at hr@arnprioraerospace.com; or by fax at 613.623.1720.
